

# ALLIANCE FOR EDUCATION

## Partnership Interest Form

As a partner in education, the opportunities to make a difference are only limited by the imagination. Imagine collaboration and innovation, invention and application as business, education, community and faith-based organizations and labor align resources on behalf of life-long student learning. We welcome your comments and questions on how your organization can become a dynamic partner.

If you are interested in providing or receiving services, please mark the corresponding boxes below:

### Education

- Speakers' Bureau**  
Partners share with teachers and students the academic skills and understanding required for their industry
- Field Studies**  
Students and teachers visit the work site and observe/participate in the application of academics
- Project/Problem-Based Learning**  
Business/community partners provide a real problem or industry-related project for students to solve in the classroom, increasing students critical thinking skills
- Resources and Staff**  
Donate staff time, monetary and/or non-monetary resources, equipment or facilities

### Family Involvement/Literacy

- Tutoring**  
Provide tutoring support to students.
- Literacy Support Training**  
Receive literacy training provided by CSUSB Literacy Center
- AVID Training**  
Receive training in homework skills, writing, note taking and inquiry-based strategies provided by AVID staff
- Virtual Pre-K Training**  
Receive training in school readiness skills for parents of pre-schoolers
- Reading Buddies**  
Serve as a volunteer/role model while reading to elementary-age children in your local public school
- Resources and Staff**  
Donate staff time, monetary and/or non-monetary resources, equipment or facilities

### Economic/Workforce Development

- Job Shadowing**  
Give students and/or teachers opportunities to "shadow" your employees on the job
- Mentoring**  
Give support and encouragement to students as they pursue a career path
- Internships**  
Offer paid/unpaid internships and apprenticeships to students so they can experience workplace roles
- Advisory Committees**  
Provide information to educators on the skills needed for students to succeed in the workplace
- Business/Industry & Apprenticeship Forums**  
Assist with or attend a forum that provides information on workforce opportunities, industry sectors and/or required business/industry/labor skills
- Resources and Staff**  
Donate staff time, monetary and/or non-monetary resources, equipment or facilities.
- Workforce Training Provider**  
Be included as one of the Workforce Training Providers on the website
